CPS Workers Laura Ard, Natalie Reynolds and Rebekah Ross

Indictments were handed down last Thursday to 1 of the 3 Child Protective Services (CPS) subordinates who were charged with Oppression, a (misdemeanor), tampering with evidence, and falsifying and forging documents to conduct illegal searches

and seizures, which are third degree felonies, punishable upon conviction by a maximum sentence of from two to 10 years in prison and an optional fine of up to \$10,000

First up Rebekah Ross Thonginh 34, she received hers on Thursday afternoon in the 354th District Court. Thonginh was charged with four seperate counts of official oppression and tampering with physical evidence charge and of course plead not guilty. The prosecution only introduced one count of official oppression, which is a misdemeanor.

Judge Richard A. Beacom found her guilty and sentenced her to 1 year in the county jail, and added a sentence probate for two additional years. Thonginh also has to complete some community service pay a \$2000 fine, starting on Oct. 8.

These three tyrannical minions, Rebekah Ross Thonginh, Laura Marsh Ard, and Natalie Ausbie Reynolds were indicted by the Hunt County grand jury back in September of 2013. Ard and Reynolds are claiming they're not guilty as well and have their trials scheduled for next month.

60 year-old Laura Marsh Ard, the former program director for the Texas

Department of Family and Protective Services office in Rockwall, received one indictment for tampering with physical evidence. Reynolds, of Fate, received three indictments for official oppression, and one indictment for tampering and fabricating physical evidence. All these charges stem from an alleged case where all three conspired to use false documents in an investigation of the mother of a murdered teenager Alicia Moore from Greenville.

Thonginh and Reynolds conducted unlawful searches and seizures in association with CPS investigations. The tampering with physical evidence indictments say that all three defendants collaborated together back on November 6th, 2012. "to use a record and/or document to wit: the risk assessment involving Aretha Moore ... with knowledge of its falsity and with intent to affect the course or outcome of the investigation."

In three of the official oppression indictments, Thonginh and Reynolds were to have plotted as CPS investigators to have domineered 3 different people who were already under CPS investigations "to search and seizure that the defendant knew as unlawful" on Dec. 16th, 2011, March 28th, 2012 and June 14th, 2012. Thonginh also is known to have committed another unjust search and seizure on an additional 4th person under CPS investigation on June 27, 2012.

This is an ongoing practice of lies and misrepresentations false accusations, and the barbaric infringements of the Human Rights of the people. The so called "CHILD PROTECTIVE SERVICES" has been proven time and time again to not protect anyone at all but only to wave their wand of evil to separate and destroy families using unjust and unconstitutional tactics all across our country.

CPS departments have up to 500,000 thousand children locked in foster care or group homes and about 80% of those children held do not belong there but because of lies and gross misrepresentations of social workers such as Ms. Rebekah Ross We can see with our own eyes the machine she

is part of that makes billions on the backs of children and their families. The demand should be in place at once that ALL of Ms. Thonginh's cases be investigated immediately and the kidnapped children promptly be returned to their families. This is an underground business, under the title of child safety and protection. Child Protective Services is an ever-growing arm of the corrupt government and was sprung on the backs of defenseless children. If or when the taxpayers and blind donors to this tyranny learn about what these CPS lackeys are all about, the uproar will be overwhelming. But until that epiphany, thousands of innocent children are left neglected, alone, and even perish at the hands of the state that supposedly rescued them from the loving families that they were a part of.

Politicians claim to memorialize all children but, not the ones who are harmed and killed in the hands of county and state workers like Ms Thonginh.
